**Hello to all at Ma Williams Homes,**

**Yes we are enjoying are new home immensely and love coming home to it. Sandi and I have appreciated the professional and friendly people at Ma Williams when we were looking for are home. We traveled through California, Arizona and Nevada for a one year long hunt with a list of Manufacturers only to find the best deal and the home we absolutely love was right under our noses. We met Fergy Ferguson at the front door and we started to build a relationship and found him to be quite amusing/funny which I liked that, both Sandi and I enjoyed his since of humor. Also, after things finally got started and all the questions started coming out, we appreciated the upfront honesty and sincerity that Fergy Ferguson displayed through out are experience while shopping for this home, and, not to excluded anyone who helped us finalize the purchase of this home. Dennis Williams, you have amassed a great bunch a people to surround yourself with, and I'm sure you enjoy there company, we did. We also appreciated your sincere honesty and Integrity; you're quite the professional businessman, thanks to you. It's been a great ride with Ma Williams, the Manufacturer, the set-up company, Awning Company and all involved. We did have a few glitches during the first year, but, all we had to do was call Ma, and things got done. That in itself alone is worth its weight in gold. Ma Williams stood behind there warranty and there promises, Thank You! Both Sandi and I have referred several people to you, hope deals were made and smiles were flowing. Again, Thank You!**

**Sincerely,**

**Wade & Sandi Watson**
