

November 15, 1996

"Ma" Williams Mobile Home Sales  
Hemet, CA 92545

We wanted to write this letter to thank you for all of the help we received when we bought our new home from you. As you already know we lost our previous house to a fire earlier this year. On October 9th we came to you and bought our new Fleetwood Home which was a model on your lot. You got our credit approved immediately and helped us get our Homeowners insurance. On October 23, just 14 days later you delivered the house to our property on the Pechanga Indian Reservation. The drywall and the carpet were completed and on November 5, 1996 less than a month from the first time we came to see you we were able to move into our new home.

The entire procedure was done without any problems at all and you can be sure when we hear someone say they are interested in buying a mobile home we will definitely tell them to come and see you at "Ma" Williams.

Both my Son and myself really are enjoying our home and appreciate everything you did in helping us get it.

Sincerely,

Jessie H.  
Pechanga Indian Reservation
